Chairman's introduction

There were 98 returned questionnaires out of the 184 that were distributed, which represents over 50% and must be considered a very satisfactory outcome.

The survey results were presented the most notable feature of which is that although over 70% expressed a wish for a new village hall less than 50% chose option 1 or 2 that would have required the sale of land.

Notice is hereby given of a **Special General Meeting** of the Galphay Village Institute on Wednesday 18th February 2015 commencing at 7 pm when the following motion will be put:-

That the Management Committee be empowered to sell a portion of the land (approximately 800 square yards) sufficient to build a dwelling and to build a new village hall on the remainder of the land; provided that planning permission be granted by Harrogate Borough Council **and** an offer of a minimum £175,000 is obtained for that land
